No one is paid for their time.*

3P and the Giving Season

As the dust has settled from the Hit the Streets for Haiti 5K Run/Walk, the fundraising team has been working on more exciting projects! The fundraising team is excited to announce our most recent endeavor:

Programs we want to sponsor:

- **Mobile Clinic**—this is where a lot of our energies are currently centered
 - Cost: \$2000 (\$600 medicine, \$900 health worker wages, \$600 operation costs)
- **Drilling a village well**
 - One community well costs \$10,000 but supports an entire village.
- **Sponsor a mother's club meeting**
 - Health and nutrition education for mothers of young children
 - \$135 includes nurse salary, health kits, and transportation for one meeting.
- **Yearly school nurse salary**
 - Help provide school children with a nurse to lead health education and provide basic health care
 - \$2250 is an entire year's salary
 - \$95 will support a nurse for 2 weeks
- **Plant a family garden**
 - Cost: \$20 for one family garden
- **Community reforestation**
 - \$100 covers the expenses for one community.
- **Build a village pharmacy**
 - \$1,200 covers expenses to build and supply a pharmacy dispensary for a village supported by the Haiti Medical Project.
- **Aquaculture farm**
 - Sustainable source of income for families
 - \$6,000 covers expenses for developing one farm.

The 3P for 3P Fundraising Challenge!

And **we need your help**. 3P has a goal to fully sponsor annual clinical care in three communities in Haiti: Savannette, Mon Boulaj, and Croix-des-Bouquets. This would mean hosting four clinics per community throughout the year. The goal of the 3P for 3P Fundraising Challenge is to tackle the issue of supporting our clinics through the help of generous individuals such as yourself. To fully fund the clinics, we need to have \$2000 in monthly donations. We are currently around \$400 per month. Please help us reach this goal and consider donating monthly with us at 3pHaiti.org/give. Any amount helps, whether \$5/month, \$10/month, or more. Those exceptionally generous individuals donating \$25/month or more will receive a handmade Haitian wooden painting as a token of our appreciation!

Upcoming December Trip

Tom, Jordan, and Andrew are heading to Haiti soon!

We have very minimal operating costs - meaning that once those are covered EVERY financial gift helps to provide sustainable healthcare and health education to those in Haiti.

Thank you so much to all of those that recently attended one of our education seminars. Stay tuned in to our [Facebook page](#) to find out when and where the next one will be!
